I would like to request a listing of all property transactions, including trades, grants or other conveyances, in the past 5 in which the City and or the RDA were a party, including the following information for each transaction:

Property address

Parcel number

Acreage

Price

Method of price determination

For any sale, whether the property was ever publicly offered for sale

For any sale, how long the City or RDA owned the property prior to sale.

Thanks in advance.
